

# Practitioner Forums: Strengthening Safeguarding Practices

**The Practitioner Forums are designed to foster collaboration and communication between the safeguarding partnerships and frontline practitioners.**

**These forums aim to enhance the quality of safeguarding practices across the Bradford District by providing a platform for sharing knowledge, addressing challenges, and promoting best practices.**

## Purpose and Scope

- To establish and maintain effective two-way communication channels between the Safeguarding Partnerships and frontline practitioners
- To promote best practices across the Bradford District, ensuring consistency and quality in safeguarding efforts
- To address and support the developmental needs of the Bradford District through collaborative efforts and resource sharing
- Sharing skills and expertise to the benefit of vulnerable children, adults and families in the Bradford District.
- To provide a platform for sharing and disseminating information about available services, ensuring all practitioners are well-informed

**For more information about the Practitioner Forums and how to register please go to:**

- To share insights and lessons learned from Statutory Reviews, promoting continuous improvement in safeguarding practices and an opportunity to work together on specific issues.
- A forum to discuss any information that may have an impact on vulnerable children, adults at risk and their families or the way practitioners engage and work with them.
- How we can work together and identify barriers that get in the way and what support may be needed
