

## Launch of Bradford's

### Continuum of Need and Risk Identification Tool

The launch of the new guidance "Continuum of Need and Risk Identification Tool" which is aimed at every agency, statutory, voluntary, private and independent which works directly or indirectly with children, young people and families. The purpose of this guidance is to help agencies identify a child's degree of need and respond appropriately – "right help, right time".

This is a follow on event from the consultation sessions undertaken earlier this year. It is an opportunity to find out about the new guidance, how to use it and to try it out with multi-agency colleagues.

#### Target audience

Multi-agency practitioners and managers across the partnership.
